August Meeting Directions

Gerald Kral, 900 Winton Road North, Rochester, NY.

Exit 590 at Browncroft. Take Browncroft towards the city (west). The first intersection is the start of Merchants Road. there is a light. Turn right on to Merchants Road. The next light is Winton Rod. North. Turn right or go North on Winton. 900 Winton Rd., North is about 1/4 mile on the right.

You can park on the right side of Winton Road or any of the side streets. 900 Winton is a white Tudor Style home with a red ceramic tile roof. The plantings in the front yard should also give you a clue as to the tour destination.

On Tuesday, August 22nd we will meet at our member Jerry Kral's garden on Winton Road to see a remarkable plant and extraordinary landscape. His use of small and medium sized evergreens and deciduous trees and shrubs, in an innovative combination with perennials and annuals, linked by artful use of pathways and stone walls is unsurpassed. Equally notable is the fact that the plans are so extraordinary. Jerry seeks out the most superlative new plant selections from a multitude of sources and will share his discoveries with our members. He is a director of the American Conifer Society and very active in horticultural organizations. Don't miss this Opportunity to see his garden!

July Highlights

Over 35 members and guests visited the unique garden and zoo of the Nuccitelli family. John presented a great tour of his gardens. Next we went to visit Ocke Hee's gallery where the Sean Smith Suiseki Exhibit was featured. A well deserved thank you to John and Diane Nuccitelli and Ockee Hale for hosting our groups and providing the refreshments.

New Website Features Our Exhibition

There is a new site that members might like to visit. They have photos of our 2006 spring exhibit. <http://www.knowledgeofbonsai.org/galleries/shows/06/upnew.php>

Also, you might enjoy a visit to the Art of Bonsai. <http://www.artofbonsai.org/forum/index.php?sid=28fcb0e544a679cebc266adf6e05c820>
