### July Highlights

Over 35 members and friends met in the rain at Oriental Garden Supply in Pittsford for our July field trip meeting. Proprietor Al Pfeiffer gave us a personalized tour of his newly expanded facility featuring 30,000 plants with over 150 cultivars of Japanese maples plus dwarf conifers, bamboos, woody ornamentals, and many perennials. He answered questions and pointed out specific plants that would make ideal bonsai. The society would like to thank Al and his staff for a very enjoyable, and educational field trip!
